PROFESSIONAL SUMMARY

B.Tech Computer Science undergraduate with hands-on experience in data processing, dashboard development, and automated reporting using Python (Pandas, NumPy, Matplotlib) and MySQL. Skilled at building full-stack analytics tools that turn raw data into actionable insights. Seeking a Data Analytics Internship to apply strong analytical, problem-solving, and data visualization skills to support business decision-making.

TECHNICAL SKILLS

- **Data Analysis & Visualization:** Python (Pandas, NumPy, Matplotlib, Seaborn), Statistical Analysis, Data Visualization, dashboard design
- **Databases & Querying:** MySQL, SQL — schema design, CRUD operations
- **Programming Languages:** Python, Java, JavaScript, HTML, CSS
- **Frameworks & Tools:** Git & GitHub, VS Code, Excel
- **Core Concepts:** Data Structures & Algorithms, OOP, Machine Learning fundamentals, Data Cleaning & Preprocessing

PROJECTS

Agentic AI Training & Student Management Platform | *Personal Project*

Project Link: github.com/im-rohit87/Student_Report/tree/main/agentic_grade_system

- Built an Agentic AI Training & Student Management Platform (Python, Streamlit) automating academic and administrative workflows
- Designed a centralized dashboard integrating student portals, automated grade calculation, certificate generation, AI chatbot assistance, resume generation, and performance analytics
- Implemented Excel-based data processing and DOCX/PDF/PPT document automation for streamlined student lifecycle management and reporting

Tech stack: Python, Streamlit, Pandas, OpenPyXL, Python-Docx, PPTX, NumPy

Food Ordering Website | *Personal Project*

Project Link: github.com/im-rohit87/Food-ordering-page/tree/main/Food_Ordering_Web

- Developed a responsive UI with cart functionality, dynamic pricing, and real-time order tracking
- Integrated Google Maps/Leaflet.js to display restaurant locations and live delivery tracking

EXPERIENCE

Software Development Intern (PHP) | Meander Software Pvt. Ltd., Mohali Jul 2023 – Aug 2023

- Developed dynamic web applications using PHP and MySQL, implementing CRUD operations and backend logic
- Contributed to performance improvements that enhanced overall user experience

Web & Mobile Development Intern | IBM Developer Skills Network Sep 2025 – Nov 2025

- Completed a structured 6-week program covering web and mobile development fundamentals
- Applied hands-on development concepts to real-world project scenarios

EDUCATION

B.Tech, Computer Science Engineering (Pursuing) | Lloyd Institute of Management and Technology 2024 – 2027

Diploma, Computer Science Engineering | Govt. Polytechnic College, Mohali 70% Higher Secondary | UPMSP 72%
